

# HST Schedule Sharing

Pathways

powered by  casetabs

## Start sharing your HST Pathways schedule with your surgeons and practices.

HST Schedule Sharing powered by Casetabs enables web and mobile schedule access anywhere, anytime, and real-time.

Now included for all HST Pathways customers. Integrated & free.

### PROBLEM

75% of surgery centers manually share schedules with their practices via email, fax, or text.

### SOLUTION

Automate using HST Schedule Sharing powered by Casetabs.

| Traditional Schedule Sharing                | HST Schedule Sharing                        |
|---|---|
| ⊗ Time consuming                            | ✓ Saves time for facility and practice      |
| ⊗ Schedule data is not real-time            | ✓ Real-time schedule data                   |
| ⊗ Difficult to access remotely and search   | ✓ Accessible anywhere and easily searchable |
| ⊗ Frustrating and inefficient for practices | ✓ Simple and user friendly for practices    |
| ⊗ Email & SMS are not HIPAA compliant       | ✓ HIPAA compliant                           |

## HOW TO GET STARTED

### STEP 1:

Contact HST to activate your free access to Schedule Share. (hstsales@hstpathways.com)

### STEP 2:

Casetabs will then send your login information and offer a 30 minute training.

### STEP 3:

Invite your practices and physicians to view their case schedules in Casetabs.

### HST integrated

Real-time schedule integration at no cost.

### HIPAA compliant

Secure and vetted by major health systems.

### Unlimited users

Invite all your practices and physicians.

### Award winning mobile app

2019 MedTech Breakthrough Award winner.

### Easy to use

Just 30 minutes of training needed for the admin user.

### FREE

HST Schedule Sharing is a standard feature of HST Pathways.

“Casetabs has been a game changer for our center. Our practices and surgeons now have real-time access to their case schedules, and the surgeons love the mobile app. We can't imagine going back to fax and email schedule sharing.”

### Mary Gamez

CEO at La Veta Surgical Center

“Since our ASC adopted Casetabs, my staff and I can now view my surgery schedule in real-time. The mobile app is beyond convenient. I can review my cases on-the-go and I can be confident the schedule exactly matches our center's schedule.”

### Ray Raven, MD

CEO, Orthopaedic Surgery Specialists  
Managing Member, Glendale Surgical Center

## ABOUT CASETABS

Casetabs is a cloud-based surgical care coordination platform. We connect surgical facilities with their surgeons, practices, anesthesiologists, vendor reps, and patients so that more efficient and exceptional patient care is delivered.
