O HST Price Transparency[™]

Provide your patients with accurate financial estimates - no more surprises.

Within minutes, you'll be able to calculate an accurate patient estimate, deliver the estimate to your patient via text or email, and connect patients to payment options. HST Price Transparency will allow you to:

- **Save Time:** 50% typical improvement in business office efficiency
- Improve Collections: 30% of patients contacted via text or email will pay electronically
- Engage Patients: Successfully reach 80% of patients electronically
- Reduce Payor Denials: Identify non-coverage and potential denials
- Improve Patient Satisfaction: Patients have full disclosure of their responsibility
- Increase Patient Volume: Leverage price transparency as a competitive advantage

HST Price Transparency is the ultimate solution for determining patient and payor responsibility in advance of surgery. It fully manages the process of calculating financial estimates with 98% accuracy.

HST Price Transparency guarantees 100% compliance with State and Federal No Surprises Act requirements.

It may feel overwhelming learning about the No Surprises Act and it's certainly difficult to find real, tangible next steps to take. Luckily, HST Price Transparency can give you peace of mind and get your facility in compliance. Our industry experts have been preparing for January 1, 2022 for a long time, and we're here to partner with you to help you succeed. We have already helped hundreds of clients and have processed over \$10B in estimates.

While it may seem like the No Surprises Act is only in support of patients, these new regulations will have undeniable benefits for providers and facilities who embrace them.

Schedule a demo by scanning the QR code to the right to see how HST Price Transparency can help grow your practice.

HST Price Transparency includes three solutions

Our solutions can be used independently – but the magic really happens when you use them alongside one another.

Clariti is our Patient Estimation tool for your staff to create quotes for scheduled patients. Within minutes, you'll be able to generate complete estimates including implants, bundles, physician fees, and anesthesia fees. By using Clariti, you'll immediately comply with the No Surprises Act.

Catalyst is our web-based Cost Estimator for

prospective patients and surgeon practices to use. A link will be embedded directly on your facility's website to encourage patients to create their own financial estimates. By using a tool like this you'll be able to empower patients to take control of their financial responsibility and build trust before they ever step foot inside your facility.

| Primary Payor | Eligibility | Delivery | Pre-Auth | \$ Due |
|------------------|-------------|----------|----------|------------|
| Aetna | Active | Not Sent | Pending | \$2,930.23 |
| Cigna | Active | Viewed | Pending | \$1,143.09 |
| Self Pay | N/A | Not Sent | Pending | \$3,352.00 |
| Aetna | Active | Viewed | 6/1/2022 | \$2,434.36 |

Authorize will obtain prior authorization for a procedure if the primary payor requires it. After confirming that the pre-authorization number exists, it will be sent back to the HST Price Transparency platform. Using Authorize will remove the risk of performing a procedure you cannot collect on. Authorize works with select payors.

"Our date of service collections are up 175% and our average A/R is below 30 days for the first time in our history."

- Business Office Manager, Hampton, VA

"We are collecting so much more prior to service because of your program. Night and day."

- Administrator, RN, Manhattan, NY
